- English (Fluent)
- Bengali (Native)

INTEREST

Following new JavaScript frameworks Landscape
Photography, Strategic Board Games, Traveling.

PROFILE

As a dedicated Full stack developer, I am passionate about building robust and scalable web applications that deliver exceptional user experiences. I am eager to contribute my skills to a dynamic team, tackle new challenges, and grow into a senior development role where I can help drive innovation.

PROJECT

Musafir Traveller | Tourism Management Platform

A full-stack MERN application designed to connect tourists with local guides in Bangladesh. Features role-based access for tourists, guides, and admins, a complete booking system with Stripe integration, and a community space for sharing travel stories.
